

Embedded Systems Course - Semestrul II 2022

Curs Embedded Systems susținut de Continental Sibiu în semestrul II 2022, curs destinat studenților din anul III de studiu.

Dragi studenți, firma Continental Sibiu, pe parcursul semestrului II al acestui an școlar, va susține online sau onsite, un curs de proiectare software al microsystemelor electronice (Embedded Systems) putem spune partea a II-a a acestui laborator de Ansamblare, dar cu limbaje de nivel înalt.

Pentru a va înscrie și a participa la acest curs, trebuie să trimiteți e-mail colegului nostru de la Continental Sibiu Constantin BRICEAG, **e-mail: constantin.2.briceag@continental-corporation.com**

Posterul cursului îl găsiți în attach-ul acestui mesaj!

Embedded Systems Course

Delivered by Continental Automotive Systems Sibiu
Designed for C Programming & Embedded Systems enthusiasts

Join our online course organized for the students of the
Electronics, Communication and Computers Faculty from Pitesti!

You will get the chance to learn about:

**Modern Microcontrollers | Memories | Automotive communication protocols
Programming in the Embedded world | Embedded Software Architecture | Automotive applications**

- the course will start on March 4th 2022 and will take place every two weeks
- you'll receive a participation diploma at the end of the course
- in the recruitment process for Continental job openings you'll have priority as a graduate of this course

Apply until February 25th 2022 via email at
constantin.2.briceag@continental-corporation.com
