Erasmus Student Network

Erasmus Student Network (ESN) is one of the biggest student associations in Europe. It was born on the 16th October 1989 and legally registered in 1990 for supporting and developing student exchange.

- Present in more than 1000 Higher Education Institutions from 42 countries.
- 15,000 active members
- ESN involves around 40,000 young people offering its services to around 350,000 international students every year.

ESN is operating on three levels: local, national, and international. ESN works for the creation of a more mobile and flexible education environment by supporting and developing the student exchange from different levels and providing an intercultural experience also to those students who cannot access a period abroad ("internationalisation at home").

Mission, vision and values

Mission

Enrichment of society through international students.

Vision

By 2025, ESN will be the global network of the Erasmus Generation, committed to improving international education and providing self development opportunities to two million young people, fostering intercultural understanding and creating positive change in society.

Values

The values of Erasmus Student Network that all members stand and work for are: **unity in diversity, diversity in the unity** (we all have different backgrounds, but share one common aim and goal), **students helping students** (we passionately commit ourselves to volunteering for the benefits of others), **fun in friendship and respect** (we enjoy relations based on respect), the **international dimension of the life** (we are open-minded, mobile, like to discover and explore, to co-operate and to interact to break borders), **love for Europe as an area of peace and cultural exchange** (we live and benefit from the cultural richness of Europe to the utmost), **openness with tolerance** (we understand and accept others and learn from them), **cooperation in the integration** (we share a holistic view towards internationality).

Erasmus Student Network Romania

- 15 local sections
- +400 active volunteers

Erasmus Student Network Pitesti

ESN Pitești is the newest section of ESN Romania, officially born in June 2020. Currently, we are over 30 volunteers working in different departments and areas of interest.

Usually, around 30 Erasmus students choose the University of Pitești for their mobility each semester and, moreover, about 90 international students are currently enrolled as full-time students. Our mission is not just to help the international students in the accommodation process, but to raise awareness about the importance of intercultural openness and to enrich our community through it
