

TEMATICĂ PENTRU ADMITEREA LA STUDII UNIVERSITARE DE DOCTORAT
Domeniul Ingineria Materialelor
Prof.univ.emerit dr. Ing Marioara Abrudeanu

Teme propuse

1. "Research on hybrid piezoelectric materials and manufacturing technologies especially the additive manufacturing technology to develop new smart systems"/ "Cercetari privind materialele hibride piezoelectrice si tehnologiile lor de fabricatie in special fabricatia aditiva pentru dezvoltarea unor sisteme inteligente"

Doctorat in colaborare internationala cu prof. Alex Sover de la Ansbach University of Applied Sciences
