

Dear Vice Dean NICULESCU,
I hope this message finds you well.

My name is Angelica NEGREA, and I hold the position of Communication Coordinator at AKKODIS. I am reaching out to you due to your prior collaboration with our organization, and I would like to introduce you to our exclusive opportunity designed for **graduating** or **graduate students** in **STEM** subjects.

At Akkodis, our foremost objective is to facilitate meaningful connections between students and companies, thereby serving as a vital conduit for career advancement.

With this mission in mind, we are thrilled to announce that Akkodis has launched the "**Lead The Charge**" program with **Mercedes-AMG PETRONAS Formula One Team** on September 12th.

This program is dedicated to sustainability and talent development and offers a truly exceptional prospect for a candidate to join the **Mercedes-AMG PETRONAS Formula One Team** as a **Sustainability & Environmental Data Consultant** for the entire 2024 season of the FIA Formula One World Championship (12-month).

The role requires a well-rounded individual. Someone who understands sustainability, is skilled in data analysis, and knows how to leverage the latest technologies to drive progress. An innovative thinker who can understand and interpret complex data. A leader of the future who can persuasively present ideas and concepts that support our shared desire for a more sustainable future.

This opportunity represents a significant milestone, both in terms of professional growth within a dynamic and stimulating work environment and personal development for the selected student.

I kindly request your assistance in sharing this exciting opportunity with your students. For further information and the application process, please refer to the following link: [Application Link](#).

I am at your disposal should you require any additional information or clarification. Thank you for your consideration, and I wish you a pleasant day.

Sincerely,

Angelica NEGREA

Communication Coordinator
