The University of Pitești (UPIT)

Is a public higher education institution, accredited, with legal personality, established in 1962. It has a non-profit character, is apolitical and has academic autonomy, in accordance with the legal provisions in force, being part of the national higher education system. In 2018, it received the High Degree of Confidence award by the Romanian Agency for Quality Assurance in Higher Education (ARACIS).

With over 55 years of activity in higher education, the University of Pitești successfully pursues its mission to form highly-trained specialists for the education system, science, culture, economic and social activities, competent and competitive on the labor market in the country and abroad, responding to the demands of the contemporary society.

The University of Pitești is a member of several notable international professional and academic institutions like:

- Agence Universitaire de la Francophonie (AUF),
- European University Association (EUA),
- Danube Rectors' Conference (DRC),
- European Forum of Technical and Vocational Education and Training (EfVET),
- European Distance and E-Learning Network (EDEN),
- Association for Teacher Education in Europe (ATEE).

UPIT has a strong collaboration with more than 230 universities from EU Member-States and Non-EU countries having an increasing number of partners on all continents for all undergraduate or postgraduate studies, Erasmus+ mobilities, research-development-innovation projects or conferences and scientific journals, having international partners on all continents.

The 6 faculties of UPIT have 54 Bachelor's Degree Programmes, 51 Master's Degree Programmes and and 10 doctoral fields organized in 8 doctoral schools, where approximately 10,000 students are enrolled.

UPIT carries out teaching and research activities in different centers located in Pitești, but also in other cities located in the South-Muntenia area, such as: Alexandria, Slatina, Râmnicu Vâlcea and Câmpulung Muscel.

Student Support and Facilities

www.upit.ro

- The University of Pitesti has an appropriate material base available to all students enrolled to Bachelor/ Master/ Doctoral programmes.
- Students are offered accommodation in UPIT student dormitories, and the canteen provides diversified food products at low prices daily.
- There is also a sport, recreation and physical recovery infrastructure held in well-equipped European multifunctional Center of UPIT. Here students can spend their free time to relax and practice different sports: tennis, football, handball, basketball, volleyball.
- Students benefit from psychological counseling and professional counseling services, monitoring the insertion of graduates on the labor market through the *Center for Counseling and Career Orientation (CCOC)*.
- Students can be part of student associations as AIESEC.
- Optionally, the students can attend the courses of the psycho-pedagogical module managed by the Department for the Training of the Teaching Personnel (DPPD) and, thus, they can obtain the certificate that offers them a teacher career in the pre-university education system at all the levels.
- The library holds approximately 300,000 titles and facilitates access to *the European Documentation Center, the State Office for Inventions and Trademarks (OSIM), Point d'Accès à l'Information founded by Agence Universitaire de la Francophonie (AUF)*.

Erasmus+ Mobilities

www.upit.ro

The University of Pitești holds the Erasmus Charter and offers students Erasmus + mobilities for over 20 years, since the implementation of the program in Romania. Every year, over 450 Erasmus+ study and placement mobilities (for students), teaching and training (for teachers) and training (for administrative staff) are offered.

UPIT has more than 500 inter-institutional agreements with 180 universities:

- from 18 countries of the program (EU): Bulgaria, Cyprus, Czech Republic, Germany, Greece, Holland, Hungary, Italy, Latvia, Lithuania, Macedonia, Norway, Poland, Portugal, Serbia, Spain, Sweden, Turkey,
- from 11 partner countries (non-EU): Albania, Armenia, Azerbaijan, Belarus, Egypt, India, Iran, Kazakhstan, Moldova, Russia, Ukraine.

The Faculty of Sciences, Physical Education and Informatics offers, within the fields of Science, Physical Education and Sport, Mathematics-Informatics a number of 14 bachelor's degree programmes, 12 master's degree programs and 4 doctoral programmes.

❖ Study Programmes in the field of Science:

● Bachelor programmes:

- Biology,
- Chemistry,
- Medical Chemistry,
- Horticulture,
- Environmental Engineering,
- Physical Therapy and Special Motricity,
- Occupational Therapy,
- Nursing,
- Ecology and Environmental Protection,
- Energetics and Nuclear Technologies.

● Master programmes:

- Physical Therapy for People with Disabilities,
- Nuclear Materials and Technologies,
- Medical Biology,
- Monitoring and Environmental Protection (interdisciplinary with the fields: Horticulture and Biology),
- Forensics chemistry.

● Doctoral programme:

- Doctoral school of Biology with the doctoral field in Biology.

❖ Study programmes in the field of Physical Education and Sports Sciencea

● Bachelor programmes:

- Physical Education and Sports,
- Sports and Motor Performance.

● Master programmes:

- Curricular and Extracurricular Motor Activities,
- Organization and Management in Sports,
- Performance in Sports.

● Doctoral programme:

- Doctoral school of Sports and Physical Education with the doctoral field in Sports and Physical Education

❖ Study programmes in the field of Mathematics-Informatics:

● Bachelor programmes:

- Informatics,
- Mathematics.

● Master programmes:

- Applied Mathematics,
- Didactic Mathematics,
- Advanced Techniques for Information Processing (in English),
- Modeling, Design and Management of Software Systems.

● Doctoral programme:

- Doctoral school of Mathematics with doctoral field in Mathematics,
- Doctoral school of Informatics with doctoral field in Informatics.

The Faculty of Mechanics and Technology offers, within the field of Engineering Sciences, 4 bachelor's degree programmes, 6 master's degree programmes and 3 doctoral study programmes.

❖ Study programmes in the field of Engineering Sciences:

● Bachelor programmes:

- Road Vehicles,
- Manufacturing Engineering,
- Industrial Economic Engineering (Production Engineering),
- Traffic and Transport Engineering.

● Master programmes:

- Transport and Road Security,
- Automotive Engineering for Sustainable Mobility (English),
- Design and Management of the Automotive Projects,
- Materials Science and Technology (interdisciplinary with the fields of Automotive Engineering and Chemistry, in collaboration with Université de Lorraine, France) - Double Diploma - in French since 1996 is organized with the collaboration of 8 schools and universities in France such as: INP Toulouse, INPL Nancy, INSA de Lyon, ENSA Brest, École Centrale Paris, École Nationale d'Ingénieurs de Tarbes and Université Blaise Pascale de Clermont Ferrand, in French,
- Engineering and Management of Products Manufacturing,
- Logistics Management.

● Doctoral programme:

- Doctoral school of Automotive Engineering with the doctoral field in Automotive Engineering,
- Doctoral school of Mechanical Engineering with the doctoral field in Mechanical Engineering,
- Interdisciplinary Doctoral school with the doctoral field in Material Engineering and Industrial Engineering.

Faculty of Electronics, Communications and Computers

www.upit.ro

The Faculty of Electronics, Communications and Computers offers, within the field of Electronics and Telecommunications, 5 bachelor's degree programmes, 3 master's degree programmes and 1 doctoral study programme.

❖ Study programmes in the field of Electronics and Telecommunications:

● Bachelor programmes:

- Computer Science,
- Electromechanics,
- Communication Networks and Software,
- Applied Electronics,
- Electronic Engineering and Computers (at Râmnicu Vâlcea).

● Master programmes:

- Electronic Systems for Management of Industrial Processes,
- Electronic Engineering and Smart Systems,
- Energy Conversion Systems.

● Doctoral programme:

- Interdisciplinary Doctoral school with the doctoral field in Electronic Engineering, Telecommunications and Information Technologies.

Faculty of Economics and Law offers, within the fields of Economics, Law and Administrative Studies, 12 bachelor's degree programmes and 10 master's degree programmes.

❖ Study programmes in the field of Economics:

● Bachelor programmes:

- Business Administration,
- Economics of Trade, Tourism and Services,
- Economics of Trade, Tourism and Services (distance courses),
- Finance and Banking,
- Accounting and Management Information Systems,
- Accounting and Management Information Systems (distance courses),
- Management,
- Management (distance course),
- Marketing.

● Master programmes:

- Business Administration in Trade, Tourism and Hospitality,
- Management Accounting and Auditing,
- Management Accounting and Information Systems,
- European Economics and Finances,
- Financial-Banking and Insurance Management,
- Strategic Management of Human Resources,
- Strategic Management and Business Development (in English).

❖ Study programmes in the field of Law and Administrative Studies:

● Bachelor programmes:

- Law,
- Law (distance course),
- Public administration.

● Master programmes:

- Public Administration in the Context of European Integration,
- Juridical Careers,
- Contentious Law.

The Faculty of Education, Social Sciences and Psychology offers, in the fields of Education Sciences, Social Sciences and Psychology, 9 bachelor's degree programmes and 10 master's degree programmes. The faculty carries out teaching and research activities in different branches located in the South-Muntenia Region, in the field of Education Sciences.

❖ Study programmes in the field of Education Science:

● Bachelor programmes:

- Pedagogy of Primary and Pre-primary Education (Pitești, Câmpulung Muscel, Râmnicu Vâlcea, Slatina, Alexandria).

● Master programmes:

- Educational Management (Pitești, Slatina),
- Educational Counselling,
- Early Education (Pitești, Alexandria, Râmnicu Vâlcea).

❖ Study programmes in the field of Social Sciences and Psychology:

● Bachelor programmes:

- Social Work,
- Psychology,
- Journalism,
- Human Resources.

● Master programmes:

- Clinical Psychology - Assessment and Intervention,
- Organizational Communication,
- Social Work Counselling,
- Health and Social Services Management.

The Preparatory Programme of Romanian Language for Foreign Citizens

www.upit.ro

❖ Study programmes in the field of Arts:

● Bachelor programmes:

- Music,
- Sacred Art,
- Performing Arts (acting).

● Master programmes:

- Contemporary Musical Education.

Non-university Tertiary College (COLEGTER-UPIT)

www.upit.ro

Non-university Tertiary College, an integral part of University of Pitesti, offers 13 classes through day courses education system, within the fields of Health and Pedagogical Assistance, Informatics, Commerce, Tourism and Food, Economy, Media production.

Post-secondary education is organized for high school graduates, with or without a baccalaureate diploma. The graduates of the College acquire a level 5 qualification certificate and the descriptive supplement of the certificate, according to Europass.

● **Classes in the field of Health and Pedagogical Assistance:**

- General medical assistant,
- Pharmacy assistant.

● **Classes in the field of Informatics:**

- Analyst Programmer,
- Computer equipment technician.

● **Classes in the field of Commerce:**

- Commercial agent.

● **Classes in the field of Tourism and Food:**

- Travel Agent,
- Management assistant in accommodation and food units,
- Hotel assistant manager,
- Conferences, congresses, fairs and exhibitions organizer.

● **Classes in the field of Economy:**

- Management assistant,
- Bank officer,
- Fiscal agent.

● **Classes in the field of Media production:**

- Cameraman - fotoreporter.

Department for Teachers Training (DPPD)

www.upit.ro

The Department for Teachers Training mission is to assure the initial psychological and pedagogical training of students and postgraduates in order for them to work in the pre-university educational system.

DPPD has a Center for pedagogical analysis and development in order to support the implementation of new technologies for quality of pedagogical management and education in the University of Pitești.

Muntenia Lifelong Learning Center (CFM)

The Muntenia Lifelong Center mission is the lifelong learning and professional development of adults working in various fields, depending on the identified needs of the employers, on the basic competencies needed by adult workers, on the job specifics, on the promotion criteria, on the market needs and on the adults personal aims. The available learning programs are the following:

- **lifelong learning programmes:**
 - High performance pre-university systemic management,
 - Quality in education through educational management and leadership,
 - Technological education (conversion).
- **postgraduate training and professional development programme:**
 - Technologies and equipment for plastics and composite materials processing.

The Center has a dynamic activity and continuously authorizes new learning programmes depending on the market needs.

Center for Counseling and Career Orientation offers the beneficiaries (students of University of Pitești, regardless of the study programme or the education form, students who come to study through Erasmus + mobility programmes, students in the senior years of high school, their own graduates or of other universities) specialized services of:

- career counseling and guidance,
- psychological counseling,
- educational counseling,
- development of skills for setting goals and objectives, skills for planning time and activities, decision making skills,
- counseling and mentoring for students with learning difficulties, identifying educational opportunities (internships, scholarships and experience exchanges etc.),
- career counseling by evaluating professional interests and skills, identifying opportunities for developing professional skills and competences,
- trainings for the development of competences and skills that can increase the chances of labor market insertion.
